

## 700W PowerVerter Ultra-Compact Inverter with 3 Outlets

MODEL NUMBER: PV700HF

### Description

Utilize your vehicle's battery to efficiently power appliances, small electronics and office equipment on the road. Continuously supplies up to 700W of 120V AC power to 3 AC outlets from any 12V battery. Featuring an ultra-compact, lightweight design with metal housing, the PV700HF is the most rugged inverter available.

NOTE: To protect against high current draw that may occur during inverter failure, a fuse link rated at 125a should be positioned no more than 18" from the PV700HF's battery in the positive line.

### Features

- Provides 120V AC power for a variety of mobile applications
- 700W continuous output power; 1400W peak output power (instantaneous)
